Statement and Question

A statement tells something. Statement sentences end with a period. A question asks something. Questions end with a question mark (?). Write a statement to answer each question.

1. What is your name?

2. How old are you?

3. What is your favorite color?

4. What is your favorite food?

5. What is your best subject?

6. What kinds of things do you like to do?
