

Name \_\_\_\_\_ **Claim vs. Evidence**

# Claim | Evidence | Justification

**DIRECTIONS:** Select two claims and two pieces of evidence. Match the evidence to the correct claims. Then write a justification of why that evidence supports the claim. (From this evidence, we can see...)

There is no such thing as a ghost.	Halloween should be an official federal holiday.	Ghosts are real.
Countless psychic mediums have been exposed as frauds.	Many photographs have been taken in which a person is visible who was not present when the photo was taken.	Holidays benefit the economy. If people didn't have to work or go to school on Halloween, they would spend more money.
