

Name _____ Chronicle

Chronicle of My Family

A chronicle is a factual written account of important or historical events in the order that they occurred without analysis or interpretation. The word chronicle is derived from the Greek word *khronos*, which means time.

Choose a period of your family history. It can be a period that involves you, or it can be a period of time that took place before you were born. Write a brief chronicle of that period of your family history. Remember to describe each important event of that period in the order in which it happened.
