

Name _____ **Determiners**

Quantifiers

A quantifier is a determiner that conveys information about how much or how many of something you have. To choose the correct quantifier, determine whether you want to modify a count or a non-count noun.

Quantifiers for Count Nouns	Quantifiers for Non-Count Nouns
many	not much
few	a little
several	a bit
a number	a good deal
a couple	no
a majority	some

DIRECTIONS: Complete each sentence with one of the quantifiers above.

1. I have seen _____ bugs in my lifetime.
2. _____ caution goes a long way.
3. I have _____ pets.
4. _____ of my friends do well in school.
5. I still have _____ confidence.
6. I will have _____ of cake.
7. _____ milk, please.
8. Jane has _____ of character.
9. There is _____ hope that this will end soon.
10. _____ of my teachers are in the union.
