

Conjunctions

A **coordinating conjunction** joins two independent clauses to form a compound sentence. Use a comma between the first independent clause and the coordinating conjunction. They can show agreement or disagreement between clauses. They can also show a reason that connects two clauses.

1. What are the seven coordinating conjunctions?
2. Which coordinating conjunctions show agreement?
3. Which show disagreement?
4. Which show reason?

Use each coordinating conjunction in a sentence.
