

Name \_\_\_\_\_ **Digital Media**

# Digital Footprints

Your digital footprint is the information about you that exists on the internet as a result of your online activity. When you access digital media, you are leaving a digital footprint. Think about how you access digital media (on the web, on social media, etc.). In the space below, write down as much as you can about your own digital footprint.

Where and how do  
you access digital  
media?
