

Steroids

Conduct research on the question: *Should steroids be an illegal drug?* As you conduct your research, consider the following:

- What are the criteria for making a drug illegal?
- Can you make an argument that steroids meet this criteria?
- Who uses steroids?
- What are the different uses of steroids?
- What are the benefits of steroids?
- What are the risks of steroids?
- What are some of the controversies surrounding steroids?

What other questions occur to you as you learn more?

Now I am wondering: _____

I would also like to know: _____

One that thing confuses me is: _____

Find the answers to your questions. Then, based on your research, take a position on the topic. Write a thesis statement that states your claim and gives you reader an idea of how you plan to develop your argument. Write your research paper. Be sure to include a bibliography.
