

# Structuring Your Essay

1. What is your essay going to be about?

---

---

2. How many causes will you be discussing? How many effects?

---

---

3. In the space below, diagram how the cause(s) and effect(s) are related to each other.

4. How will you structure your essay? Will you begin with the cause(s) or the effect(s)? Why? How will you progress from there?
