

Multi Genre Persuasive

A **persuasive** essay is one that tries to persuade the reader to think a certain thing or take a certain action. A persuasive essay begins with a claim and supports that claim with evidence. With a multi genre persuasive project, you will write a persuasive essay, and then augment your essay with additional material spanning different genres. Each genre piece should contribute to the overall persuasiveness of your argument.

1. What is your argument?

2. What reasons and evidence support your argument?

3. What multi genre pieces will use to support your argument?
