# Making Puns

Making a pun means using a word with the intention that it be understood in more than one way. Some puns make use of **homophones**, which are words which sound the same but have different meanings.

**DIRECTIONS:** Write your own puns using the following homophones.

pain: something hurts

pane: a piece of glass in a window

---

---

bark: the sound a dog makes

bark: the outer layer on a tree

---

---

trip: stumble and fall

trip: a journey
