

# Petey the Pup

Petey was a puppy who had just been adopted into his new home. The people seemed nice enough, but Petey was still nervous. Whenever anyone opened or closed a door, Petey barked. Whenever anyone walked into the room where he Petey was, he barked. Was it danger? When someone dropped a dish in the kitchen, Petey ran and hid under the bed.

"What are we going to do about poor Petey?" Mom asked.

"We're going to have to pet and snuggle him a LOT," said Anna, gathering Petey up into her arms and kissing him on the top of his head.
