

Name _____ **Multi Genre Persuasive**

Multi Genre Persuasive

A multi genre project is a one which puts together creative pieces from multiple different genres to address a single topic. A genre in this sense is any specific type of medium. Some genres you might want to consider when putting together your project include:

essay	flyer	video	brochure
letter	editorial	poem	dialogue
debate	collage	poster	play

For a multi genre persuasive project, everything that you create, in any genre, should be persuading people to think, believe, or do what it is you are trying to persuade them to think, believe, or do.

DIRECTIONS: Brainstorm as many different genres as you can think of that might be suitable as a way to present your argument or some aspect of your argument. Write your ideas below.
