

# Technical Meanings

**DIRECTIONS:** Read the quotation. Answer the questions.

Friends and fellow citizens: I stand before you tonight under indictment for the alleged crime of having voted at the last presidential election, without having a lawful right to vote. It shall be my work this evening to prove to you that in thus voting, I not only committed no crime, but, instead, simply exercised my citizen's rights, guaranteed to me and all United States citizens by the National Constitution, beyond the power of any state to deny.

Susan B. Anthony – 1873

1. Underline the words in the quotation that you think probably have a technical meaning.
2. Circle the field or fields in which you think that the words have their technical meanings.

money

law

education

politics

science

health

3. What context clues did you use to decide on your answer to #2?
4. Look up the words to confirm your answer to #2 above. Were you correct?
