

# Types of Logical Fallacies

**DIRECTION:** Match each type of logical fallacy to its meaning.

- |          |                        |   |  |
|----------|------------------------|---|--|
| _____ 1. | tu quoque              | A | meaning "you too" it is an appeal to hypocrisy   |
| _____ 2. | causal fallacy         | B | any logical breakdown when identifying a cause   |
| _____ 3. | fallacy of sunk causes | C | arguing that something is right or good because everyone is doing it                       |
| _____ 4. | appeal to authority    | D | the misuse of authority to steer away from other evidence                                  |
| _____ 5. | equivocation           | E | distracting from the argument by trying to get someone to feel sorry for you               |
| _____ 6. | appeal to pity         | F | believing we should continue with something because we already have so much invested in it |
| _____ 7. | bandwagon              | G | using a word phrase or sentence deliberately to confuse-deceive-or mislead                 |
