

Where Do You Study?

Where you study makes a difference! The best place to study is somewhere you feel comfortable, but can remain alert. It should also be a place where you will not be bothered by distractions. Think about where you currently study.

What external obstacles do you face when you try to study?

What can you do about them?

What internal obstacles do you face when you try to study?

What can you do about them?

Given these things, where would be the best place for you to study?

Are there best times for you to study? What are they?
