

Is It Important? How Important?

DIRECTIONS: Read the assigned text through twice. The first time, read it through without stopping. The second time, as you read, write down each piece of information from the text that you think is important in order for you to understand the main idea. When you have listed everything that you think is important, rank them by labeling the most important thing #1, the next most important #2, etc.

| Order of Importance | Important |
