

Root Words and Suffixes

A root word is a word that works as a base for creating new words. When you add letters to the front of a root word, the added letters are called a prefix. When you add letters to the back of a root word, the added letters are called a suffix. Add the suffixes indicated to each root word to create new words. Write the new words on the lines.

	Root Word	Add -s	Add -ed	Add -ing
