Synthesizing Feedback

DIRECTIONS: Synthesize the feedback your received from the peer review of your research paper.

What was your research question and the goal of your research. Keep this in mind as you analyze the comments you received.

_____

_____

_____

Organize and review the comments. Are there similarities, patterns, or themes in the comments? What are they?

_____

_____

_____

_____

_____

_____

Synthesize your findings.

_____

_____

_____

_____

_____

Revise your research paper according to useful and constructive comments.
