

# Believe It or Not?

Use your critical thinking skills to answer each question about news you see on social media.

- What is the headline?
- Who wrote/posted it?
- Is this person credible? How do you know?
- Where did this news originally come from?
- Is this source credible? How do you know?
- Who is the intended audience?
- What kinds of appeals are made?
- Does the lead pull you in? How?
- What kinds of pictures or graphics are used?
- Do you have questions after reading?
- Do you have doubts after reading?

Do you believe this story? Why or why not?
