Explicit | Implicit Information

Read the assigned text. Quote from the text to support your answer.

Write down in your own words the main ideas of the text.

Now read back over what you have written. How much of it was made explicit in the text, and how much of it have you *inferred* from what you read? Identify something that you took away from the text that you have inferred and see if you can locate the passage in the text from which you drew your conclusion.
