## Football

### Answers

1. There are 11 players on each team in American football.
2. A touchdown is when a player carries the football into the opposing team's end zone or catches the football while in the end zone. It's worth 6 points.
3. A field goal is when a player kicks the football through the goal post during normal play. It's worth 3 points.
4. In American football, the offense is the team with the football that tries to move the ball down the field, and the defense is the team that tries to stop them.
5. The Super Bowl is the biggest game of the year in American football, where the top teams from two leagues play against each other.
