

Name _____

Soccer

Are you interested in sports? If so, you might enjoy learning about soccer! Soccer is a sport that is loved by people all around the world. It's known for its fast-paced action, skillful maneuvers, and global competitions. Let's learn more about it!

Soccer, also known as football in many countries, is a game played by two teams, each with 11 players. The game is played on a rectangular field with a goal at each end. The main goal of soccer is to score more goals than the opposing team.

Scoring a goal happens when the soccer ball is kicked into the opponent's net. This is worth one point. The players, except for the goalkeeper, cannot touch the ball with their hands or arms during play.

The game is controlled by a referee, who makes sure the players are following the rules. The game starts with a kick-off in the center of the field. Players use their feet, heads, and bodies to move the ball across the field and try to score goals.

The goalkeeper is a special player who defends the goal and is allowed to use their hands to stop the ball, but only within a marked area in front of their goal, known as the penalty area.

Soccer matches usually last 90 minutes and are divided into two halves of 45 minutes each. If both teams have the same number of goals at the end of the game, it is considered a draw or tie. Sometimes, extra time or a penalty shootout may be used to decide the winner.

One of the biggest soccer events is the FIFA World Cup. Held every four years, this international competition brings together teams from around the world to compete for the championship.

Soccer is a sport that requires both physical skill and strategy. It's not just about running and kicking, but also about teamwork and smart thinking. It's a fun sport to watch and play!
