# Snapchat

Answers:

1. Snapchat was founded by Evan Spiegel, Bobby Murphy, and Reggie Brown and it was started in 2011.
2. Before you send a snap, you can add text, draw on it, or add a fun filter.
3. After a snap is viewed, it disappears.
4. The "Stories" feature on Snapchat allows you to post a snap to your Story, and it will be available for all your friends to see for 24 hours. After that, it disappears!
5. Lenses are special effects that you can add to your snaps to make them more fun. Bitmoji is a feature where you can create a cartoon version of yourself.
