## Reddit

### Answers

1. Reddit was created by Steve Huffman and Alexis Ohanian in 2005.
2. "Subreddits" on Reddit are sections of the website that are about a specific topic.
3. Users can show whether they like a post on Reddit by "upvoting" or "downvoting" it.
4. Reddit can be used to learn new things by visiting subreddits related to topics you're interested in and reading posts about those topics.
5. It's important to use Reddit safely because it's necessary to ask a parent or guardian before using the site, and it's important to be polite and respectful when posting or commenting on Reddit.
