

# The Secret Life of Cats

**DIRECTIONS:** Read the story. Then cut and paste to put the story events in the correct order.

Lina had three cats. They were quiet, boring cats, really. Or so the family thought! But whenever no one but the cats were home, the cats would play! First, Roger would play with the ball. Then Kiki would get excited and take a ride on the skateboard. Then, Ollie would get up and start to dance. By the time Lina and her family returned, they were always back to taking their naps!
