

ANSWERS

1. In the pathetic fallacy, human emotions are attributed to inanimate things in nature.
 2. imparting emotions to something else.
3. Pathetic fallacy is similar to personification in that it gives inanimate objects in nature the human quality of emotions. Personification is broader in that it gives any human attribute (action, thoughts, emotions, etc.) to anything that is not human.
 4. writers use pathetic fallacy to create mood
 5. cheerful; mournful; angry; careless
