# Sarcasm for Characterization

Sarcasm means using words in a way that conveys a meaning that is different from the literal meaning of the words. Typically, a sarcastic remark means the opposite of what is actually said, and can be abrasive and/or insincere. While sarcasm is often used to insult someone or to show irritation, it is usually intended to be funny. However, sarcasm can also be used to cover up real and deep feelings that someone does not want to acknowledge or face.

**DIRECTIONS:** Think about the story you are writing. Is there a character for whom the use of sarcasm might be appropriate?
