

ANSWERS

Foreshadowing

giving the reader a hint of what is to come later in the story
uses imagery, language, or symbolism
can take the form of omen or prophecy
only hints at events or outcomes

Both Foreshadowing and Flash Forwarding

both are concerned with what is to come later in a story

Flash Forwarding

a flash-forward shows what will actually happen in the future, while foreshadowing only hints at what will happen
shows events or outcomes
it is explicit, not just a symbol
