

Name _____

The Upside-Down School Day

One morning, you wake up to discover that everything is topsy-turvy-the floors are ceilings, the desks hang from above, and gravity seems to have gone crazy! Write a story about the laugh-out-loud moments and challenges of navigating through an upside-down school day. How do you manage to eat lunch, play games during recess, and attend wacky upside-down classes? Describe the hilarious surprises, the fun friendships that form as you work together to adapt, and the memorable day you'll never forget.
