

Name _____

The Wacky Invention Convention

Imagine your school is hosting a "Wacky Invention Convention" where students create the silliest, most imaginative inventions they can think of. Choose an idea for a hilarious invention and write a story about the chaos that unfolds when your invention goes haywire. Maybe your "Automatic Sock Matcher" mixes up all your socks, or your "Flying Sandwich Maker" fills the sky with sandwiches! Describe the funny mishaps, the laughter of your classmates, and how you and your friends work together to fix the wacky situation.
