

NAME: _____

MULTIPLICATION AS REPEATED ADDITION

Create the following equal groups. MAKE SURE YOUR GROUPS ARE SEPARATED CLEARLY! Write the answers on the lines.

<p>EXAMPLE Show 6 groups of 5 circles. How many circles are there in all?</p>  <p>Answer: $6 \times 5 = 30$</p>	<p>Show 7 groups of 8 squares. How many squares are there in all?</p> <p>Answer: $7 \times 8 = \underline{\hspace{2cm}}$</p>
<p>Show 4 groups of 4 triangles. How many triangles are there in all?</p> <p>Answer: $4 \times 4 = \underline{\hspace{2cm}}$</p>	<p>Show 9 groups of 3 stars. How many stars are there in all?</p> <p>Answer: $9 \times 3 = \underline{\hspace{2cm}}$</p>
<p>Show 3 groups of 3 circles. How many circles are there in all?</p> <p>Answer: $3 \times 3 = \underline{\hspace{2cm}}$</p>	<p>Show 7 groups of 8 squares. How many squares are there in all?</p> <p>Answer: $7 \times 8 = \underline{\hspace{2cm}}$</p>
<p>Show 6 groups of 6 triangles. How many triangles are there in all?</p> <p>Answer: $6 \times 6 = \underline{\hspace{2cm}}$</p>	<p>Show 7 groups of 2 stars. How many stars are there in all?</p> <p>Answer: $7 \times 2 = \underline{\hspace{2cm}}$</p>

How Did You Do? 😊 😐 ☹️
