Starry Scrolls & Unopened Letters

In the magical academy of Celestia High, every student sends floating starry scrolls to their crushes on the Day of Whispers. Mia, a young witch with sparkling freckles that glow when she's excited, gathers her courage to send a scroll to Leo, the cool warlock with nebula-colored hair. However, when the day ends, she finds her scroll returned, unopened. Write a story that follows Mia's journey as she navigates the waves of disappointment, learning the strength in resilience, the value of self-worth, and the beauty of opening new chapters.
