

Whispers & Doodles - The Secret Notebook

At Elmwood Middle School, the library has a notebook where students anonymously pen their thoughts, dreams, and doodles. Emma stumbles upon a page filled with sketches that mysteriously resemble moments from her life and descriptions that sound a lot like her. Intrigued, she starts leaving replies on the same page, eager to discover the identity of her secret admirer. Write a story that unravels the mystery of the doodler, capturing the exhilarating rollercoaster of emotions that come with having and discovering a crush.

A large, empty rounded rectangular box with a yellow border, intended for writing the story.
