

Name _____

National Insect Week

Answer Key

Correction Marks

In a sunny meadow, a young boy named Ben spent his summer days **explored** the world of insects. He had a special magnifying glass that transformed tiny creatures into **G**iants, making his backyard an insect wonderland. One day, as he **looked** closely at a ladybug, he noticed something unusual - a tiny note attached to its back.

Excitedly, Ben carefully read the note, which said, "Dear **f**riend, we ladybugs are on a secret mission to spread good luck in the world. Join us on our journey"**"** Intrigued, Ben decided to follow the ladybug, embarking on an adventure filled with friendly ants, busy bees, and colorful butterflies. As **she** helped the insects along the way, he discovered that even the smallest creatures could have the biggest hearts and teach valuable lessons about teamwork, kindness, and the wonders of the natural world.

Complete Passage

In a sunny meadow, a young boy named Ben spent his summer days exploring the world of insects. He had a special magnifying glass that transformed tiny creatures into giants, making his backyard an insect wonderland. One day, as he looked closely at a ladybug, he noticed something unusual - a tiny note attached to its back.

Excitedly, Ben carefully read the note, which said, "Dear Friend, we ladybugs are on a secret mission to spread good luck in the world. Join us on our journey!" Intrigued, Ben decided to follow the ladybug, embarking on an adventure filled with friendly ants, busy bees, and colorful butterflies. As he helped the insects along the way, he discovered that even the smallest creatures could have the biggest hearts and teach valuable lessons about teamwork, kindness, and the wonders of the natural world.
