

Name _____

Apple Store Answer Key

1. Subscribing to the Apple Music Family Subscription for a year (12 months) instead of one month would save the customer \$30.88.
2. Headspace has the highest cost.
3. If a customer decided to purchase only three apps instead of five, they would save \$14.98.
4. The percentage of the total amount spent on the Apple Music Family Subscription compared to the subtotal spent on apps is approximately 25%.
5. If a customer received a 10% discount on the total amount due to a promotion, they would save \$5.99.
6. Assuming Pacific Standard Time (PST) is 8 hours behind Greenwich Mean Time (GMT), the corresponding time in GMT for the transaction would be 11:47 PM on November 22, 2023.
