

ANSWERS

Wit

a type of humor that is sharp and insightful

a witty remark is funny in a way that's also intelligent and can be complex

it can sometimes take a moment for the true meaning of a witty remark to register

includes clever banter and sardonic one-liners

Both Wit and Sarcasm

both are forms of humor

both can sometimes be cynical or insulting

Sarcasm

Saying one thing when you actually mean something else

typically abrasive and insincere

intention is to mock, satirize, or make fun of something

not typically intended to be benign
