

Name _____

Secret of the Whirling Carnival

In the heart of the bustling city, a magical carnival appeared overnight, filled with twirling rides and swirling lights. Mark, a curious boy, heard about the carnival and hurried to see it. As he entered, he saw a giant Ferris wheel turning slowly and a performer juggling colorful balls in the air. The air was filled with laughter and the scent of buttery popcorn.

Mark's favorite ride was the whirling carousel, where horses with sparkling manes spun in circles. He rode the carousel over and over, feeling the wind in his hair. Nearby, an artist was drawing portraits of kids with their favorite carnival treats. As the day turned into night, the carnival lights glowed brighter, making the whole place feel like a starry dream.
