ANSWERS

PIE CHARTS

The Student Bookstore surveyed a group of students on their favorite literary genre. They made a bar graph with the survey results. Read the bar graph and answer the questions.

1. What is the most popular literary genre among the students?

Solutions: **Fiction (30%)**

2. How many students prefer science fiction?

Solutions: **20 students (assuming a sample of 100 students)**

3. What is the least popular literary genre?

Solutions: **Biography (10%)**

4. How many students chose romance novels as their favorite?

Solutions: **25 students (assuming a sample of 100 students)**

5. How many students participated in the survey?

Solutions: **100 students (assuming the sum of all percentages)**
