ANSWERS

PIE CHARTS

A travel agency conducted a survey among its clients on their preferred vacation destination. They created a bar graph with the results. Review the graph and answer the questions.

■ Beach ■ Mountain ■ City ■ Countryside

1. What is the most popular vacation destination among the clients?

Solutions: Beach (45%)

2. How many clients prefer the mountain?

Solutions: 25 clients (assuming a sample of 100 clients)

3. What is the least popular vacation destination?

Solutions: Countryside (10%)

4. How many clients chose the city as their favorite destination?

Solutions: 20 clients (assuming a sample of 100 clients)
