MULTIPLICATION BINGO CARDS

Instructions

cardboard 16

1. Your teacher will ask you multiplication questions.
2. You must quickly calculate the answers to the questions.
3. If an answer matches any of the numbers on your bingo card, you can cover that number with a bingo chip.
4. The middle space can be covered with a bingo chip without answering a question.
5. To win, your bingo chips must follow a pattern specified by your teacher at the beginning (e.g., line, X, full card)."

Cut each cardboard along the indicated line.
