

Name _____ **Pentecost**

Pentecost Cloze Passage: A Special Day Answer Key

Pentecost is a Christian holiday that happens 50 days after Easter. It celebrates the moment when the Holy Spirit came to Jesus' followers. This event is important because it helped the disciples share the message of Jesus with people from different places and languages.

The story of Pentecost is found in the Bible. On that day, the disciples were gathered in a room when suddenly, a strong wind filled the house. Then, something amazing happened! Tongues of fire appeared and rested on each of them. They were filled with the Holy Spirit, which gave them the ability to speak in many languages they had never learned before.

Because of this, they were able to tell people from all over the world about Jesus. Many people were surprised and wondered what was happening. Peter, one of the disciples, stood up and explained everything. On that day, about 3,000 people became Christians!

Pentecost is also known as the birthday of the church because it was the beginning of spreading the Christian faith to different countries. Today, Christians celebrate Pentecost with special church services, prayers, and songs. It reminds them of the power of the Holy Spirit and the mission to share love and kindness with others.
