

NAME: _____

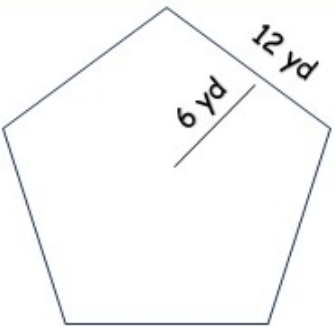

AREA OF POLYGONS

Instructions Complete the mathematical formula according to each polygon to find its area.

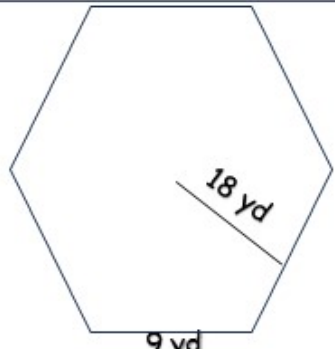

Perimeter = ns x sl
 = x

Area = $\frac{1}{2}$ x apothem x perimeter
 x x

Perimeter = ns x sl
 = x

Area = $\frac{1}{2}$ x apothem x perimeter
 x x

Perimeter = ns x sl
 = x

Area = $\frac{1}{2}$ x apothem x perimeter
 x x

How Did You Do? 😊 😐 ☹️
