

NAME: _____

AREA OF PARALLELOGRAM

Instructions Solve the area of the parallelogram in each problem.
Connect the answer to your question with a line:

1. The base of a parallelogram is five times its height, which is 5 cm. Find the area of the parallelogram

5,000 cm²

2. The height of a parallelogram is 60 cm and its base is 17 cm. Calculate the area of the parallelogram

225 cm²

3. The height of a parallelogram is twice its base, which is 50 cm. Find the area of the parallelogram

1.875 cm²

4. Calculate the area of a parallelogram that has a base of 45 cm and a height of 5 cm.

125 cm²

5. The height of a parallelogram is three times its base, which is 25 cm. Find the area of the parallelogram

1.020 cm²
