

NAME: _____

AREA OF QUADRILATERALS

Instructions: Find the area of the Quadrilaterals.

a) The trapezoid has the following bases and height:

Larger base of 39 cm
Smaller base of 24cm
Height of 19cm

Solution:

b) A parallelogram has the following base and height:

- Base 42cm
- Height 32cm

Solution:

c) The asymmetric trapezoid has two angles:
Angle 1: Base 17 cm and height 9 cm
Angle 2: Base 17 cm and height 8.5 cm

Solution:

How Did You Do?
