

## **ANSWERS**

1. Ponyboy Curtis
2. first person limited
3. Ponyboy's point of view gives the reader both insight into the greasers, as well as into Ponyboy's own character arc. Narrating the story from the perspective of an "outsider" to almost every group in the book deepens the thematic resonance of the story and allows for enough distance between the narrator (and thus the reader) and the other groups and characters to be able to see them with some objectivity.
