

Root Word Exploration

Directions:

1. Each root word has a special meaning.
2. Look at the root and write down its meaning.
3. Then, list **two or more words** that use that root.
4. Finally, explain what one of the words means by connecting it back to the root.

Example: Root: *tele* → Meaning: *far, distance*

Words: telephone, television

Sentence Connection: A *telephone* lets people talk across long **distances**.
