

Frozen Friends

ANSWERS

1. **Vocabulary in Context - blubber**

Blubber most likely means **a thick layer of fat that keeps animals warm.**

2. **Text Evidence - Arctic fox**

"In winter, the Arctic fox grows a thick white coat. This coat helps the fox stay warm and also helps it blend in with the snowy land."

3. **Vocabulary in Context - huddle**

Huddle most likely means **to stand or move close together in a group.**

4. **Text Evidence - staying warm**

Acceptable answers include any detail from the passage, such as:

- "Polar bears have thick fur and a layer of fat called blubber."
- "In winter, the Arctic fox grows a thick white coat."
- "Emperor penguins huddle together in large groups to stay warm."
