

Name _____

Orbital Distress Beacon Answer Key

Transmission 1: celestial, momentum, satellite, oscillation - **C M S O**

Transmission 2: electromagnetic, configuration, astronomical, perpetual - **15, 13, 12, 9**

Transmission 3: aerodynamics, continuum, exponential, peripheral – **9**

Transmission 4: orthogonal, magnitude, ubiquitous, trajectory

Final Course Correction:

- A. satellite
- B. momentum
- C. oscillation
- D. astronomical
