Thread Error: The Group Project Meltdown

Instructions - Every message contains one misspelled term. Circle the error, then write its correct spelling on the line next to the message.

1. Nora: Has everyone reviewed the demografik data for our presentation? _____
2. Eli: Yes, but the graph needs a clearer paramater on the horizontal axis. _____
3. Samira: I found a serious discrepency between the survey totals and the chart. _____
4. Marcus: That could weaken the credability of our argument. _____
5. Nora: We should use only emperical evidence from reliable sources. _____
6. Eli: Agreed. One article makes a fallacious claim without supporting data. _____
7. Samira: I can corroborete our statistics with the government report. _____
8. Marcus: Great. I'll revise the paragraph about economic polarizasion. _____
9. Nora: The conclusion also needs a more coherant explanation of the results. _____
10. Eli: Should we include the opposing perspectiv as well? _____
11. Samira: Definitely. Ignoring it would make the report seem too subjectiv. _____
12. Marcus: I'll add a brief section explaining the historical precedant. _____
13. Nora: Be sure the terminology remains consistent throughout the compilasion. _____
14. Eli: I also noticed an unnecessary euphamism in the introduction. _____
15. Samira: Let's replace it with language that is more direct and categoricle. _____
16. Marcus: Once we finish, we should summarise the main findings on the final slide. _____
