

Name _____

Jurassic Lab Breakout

Directions - A baby dinosaur has escaped from the science lab! Write the correct **-ed** or **-ing** form of each word in parentheses to complete the story.

At midnight, the alarms suddenly _____ **(start)** ringing inside

Jurassic Lab. A baby raptor had _____ **(escape)** from its

enclosure and was _____ **(race)** through the building.

Scientist Maya quickly _____ **(grab)** her flashlight and began

_____ **(follow)** the muddy footprints. She found the raptor

_____ **(hide)** behind a supply cart and _____

(chew) on a safety helmet.

When Maya moved closer, the raptor _____ **(hop)** onto the cart

and sent boxes _____ **(slide)** across the floor. It then

_____ **(dash)** into the dinosaur-food room.

Inside, the raptor was _____ **(dig)** through a giant bag of snacks.

Maya _____ **(tap)** a button that opened the outdoor pen. The

curious dinosaur immediately began _____ **(sniff)** the fresh air.

Maya slowly _____ **(carry)** a bucket of food outside. The raptor

_____ **(follow)** her into the pen and started _____

(munch) happily. Maya _____ **(close)** the gate and smiled. The

Jurassic Lab was safe again!
